RE: SCHEDULED INTERVIEWS FOR SATURDAY 5TH NOVEMBER 2016.

It has come to Management's notice that some candidates have complained about sitting the interviews on Saturday 5th November 2016.

Management opted for the interviews to take place on Saturday because the numbers involved are so high and it would disrupt NWSC operations if they were set on a working day.

We therefore advise all candidates to come and sit for interviews that day. Because Management cannot guarantee that other interviews will be set on another date

Any inconveniences caused are highly regretted.

Management.
