@Snottyganda @NWSCMD

@mutenyo_p @nwscug

@NadaAndersen but I will agree with u NWSC is one of the Companies at the top of their game.

Ziobwe

Ziobwe water testing ongoing. NWSC is committed to ensuring quality water to all its consumers in all areas in which it operates.

WATER THEFT

As water theft continues to be a major concern, NWSC's has various programs that are pushing for the complete halt of this vice. Among them are the WALOP (Kampala), RESAIL (Entebbe) and SNARP (Jinja). This section aims at exposing those caught in this illegal act and give the various teams a platform to showcase their work.

The WALOP team is persistent in unearthing illegal water use. Unfortunately some people are also persistent in their commitment to steal water. So committed were the operators of Executive public lavatory that they reconnected themselves illegally. This is despite the fact that they were discovered with an illegal connection two weeks back.

Help stop water theft.
Call 0800100977, 0800 200 977, 0800300977
to anonymously report illegal connections.
