## Water Quality “Roasts” To Good Work

7<sup>th</sup> April 2015

The NWSC Central Lab staff on Thursday were treated to a barbeque in their honour at IREC. The barbeque was filled with appreciation speeches, meat, drink and was attended by The Minister of Water and Environment, Prof Ephraim Kamuntu who was the guest of honour, the MD, Dr. Eng. Silver Mugisha, Director Business and Scientific Services, Dr. Rose, Senior Manager Water Quality, Irene Nansubuga, IREC Top management, Water quality and NWSC staff.

The barbeque also included an award session where different lab staff like Pauline Tumisiime, Sharon Gumbamwoyo and Denis Akejo were recognized for their hard work, dedication and innovation. The Director Engineering services, Eng. Gisagara was also recognised for his tireless efforts during the water crisis of March 2015. The night climaxed with the cutting of the cake and dance till late in the night. 2<sup>nd</sup> April 2015

## MD Visits Rukungiri Team

The MD over the weekend paid a visit to NWSC team in Rukungiri. Present were the mayor, assistant town clerk, CAO and Gombolola chief. At the function, the MD thanked the team for the good work especially extending water to the people of the area through various means including the 41 PSPs installed. The team and corporation at large were also praised by the Mayor for work done.

## SMACK Launches SWAS Club

St Mary's College Kisubi has joined the ever expanding list of schools that have launched NWSC's School Water and Sanitation (SWAS) Clubs. The launch which took place on the 6<sup>th</sup> of April 2015 was part of the college's health and sanitation week which climaxed with inter-house MDD competitions and the launch of the club. NWSC's MD was the chief guest and was treated to poems, dances and more produced by the students which all centred on the theme; water and sanitation.

Busega market, Nateete and Namirembe diocese

# Area Watch/ISDP Updates

## Fort Portal

Static team installing new capacitor banks in the Fort Portal pump panels.

## Tororo

Water Quality Testing in the area over the weekend found residual chlorine levels of 0.2mg/l

## Soroti

The Soroti team led by the Area Manager, Caroline Nyangwesa were hosted on Kyoga Veritas FM. While on air, they sensitized customers on the on-spot billing which was recently introduced in the area among other things

## Bushenyi

Greater Bushenyi team took its sensitization drive to Bfm. Among those present was the Customer representative and the health representative. They used the airtime to explain to people NWSC services, environmental protection and typhoid fever.

## Mubende

The team completed testing and commissioning of the 15km 4 inch main extension.

## Jinja

Following the collapse of the DN 300 pumping main to Walukuba reservoir. Works started as soon as the fault was detected on 4<sup>th</sup> April and went on till 6<sup>th</sup> April, Easter Monday when pumping resumed. To ensure that customers were not inconvenienced, the team innovated and made an interconnection to Rubanga tank.

Noise works, now we have water, thanks Gloria, kyalijwajala branch.

**NWSC TORORO** @NWSC TORORO · Apr 2

Water should be flowing again in Achileet, Kidera, Kisoko & Pajwenda. Many thanks for been patient. Happy Easter to all. Cheers @nWSCug @Jadwong

**#WeAreOne** @LCMuha · Apr 3

Happy Easter to my @nWSCug friends, Hans, Fisher, @namuwengesarah @NWSCMD @pheonawall @NWSC TORORO @NWSC\_ES

**Nada Andersen** @NadaAndersen · Apr 3

@nWSCug Kudos to those guys, job well done to keep our water safe. @NWSCMD @Jadwong

**Chili Kwiwe** @ChiliKwiwe · Apr 5

@nWSCug And to u too n ur team of super heroes, that staff you do is legendary. "Yes we Can" @AzRonn @KitamirikeAndy @CNtabadde @idringp

**St. Mary's College** @SMACK\_UG · 20h20 hours ago

We're almost coming to the end of #MDD2015 and moments ago we were joined by the good folks of @nWSCug @NWSCMD to launch #SMACKWATERCLUB

## WATER THEFT

As water theft continues to be a major concern, NWSC has various programs that are pushing for the complete halt of this vice. Among them are the WALOP (Kampala), RESAIL (Entebbe) and SNARP (Jinja). This section aims at exposing those caught in this illegal act and give the various teams a platform to showcase their work.

The RESAIL team found a suppressed account belonging to Matovu Hussein on Kasenyi road. He was found on supply yet his last payment was made in 2014. Fines are being collected and the message of water theft being illegal is slowly being understood by culprits and individuals alike.

In Tororo, the team discovered brick layers who had cut a pipe in Agururu to draw water.

## STOP WATER THEFT

Help stop water theft.  
Call 0800100977, 0800 200 977, 0800300977  
to anonymously report illegal connections.
