Mbarara Registers 100% Non Govt Collections

Once an agreement is reached, prosecution of culprits like these will be swift.

The month of March was a successful one for the Mbarara team, registering non-government collections of 100%. This was revealed during an early morning meeting. Various issues were discussed including the fight against illegal connections, with a 3 day surveillance, the team was expectant to apprehend many illegal water users.

WATER THEFT

As water theft continues to be a major concern, NWSC's has various programs that are pushing for the complete halt of this vice. Among them are the WALOP (Kampala), RESAIL (Entebbe) and SNARP (Jinja). This section aims at exposing those caught in this illegal act and give the various teams a platform to showcase their work.

The RESAIL team received information about a meter bypass supplying boys' quarters at a residence in Lweza. However, someone tipped them off and the culprits attempted to rectify the problem. Despite this, they didn't do a good enough job covering up their acts and were summoned to the police station to answer for their crimes.
