## Naguru shutdown set for 10<sup>th</sup> March

Discussions between NWSC and Songea Satom on the planned shutdown of Naguru interconnection phase 2 being discussed. The team agreed that the shutdown will take place between 6am and 6pm. It was also agreed that all activities that may require shutdown within Ggaba 1 project site should be scheduled for the same day

### CORRECTION.

In yesterday's issue, we erroneously stated that Kanungu had received 2km of 2inch pipe. The correct figure was 6Km of 2 inch pipes.

## WALOPU

Water Loss Protection Unit

As water theft continues to be a major concern, NWSC's Water Loss Protection Unit continues to push for the complete halt of this vice. As such, the WALOPU team is out every day, searching for those illegally using water.

At this residence in Nsambya, a meter bypass was found. These illegal acts are criminal and also deny legitimate consumers quality services by lowering their water pressure and even making water dirty.
